Re: Approval of Time Extension Request, Utah Building Stone Supply, Lynn Spring Quarry,  
S/003/025, Box Elder County, Utah

Dear Mr. Bown:

Thank you for your letter dated November 27, 1995, wherein you explain why you were not able to meet the Division's November 27th deadline for filing a Notice of Intention to Commence Large Mining Operations for your Lynn Spring Quarry. You have requested a two (2) week extension to submit the required application to our office.

Re: Approval of Time Extension Request, Utah Building Stone Supply, Lynn Spring Quarry,

Dear Mr. Bown:

Thank you for your letter dated November 27, 1995, wherein you explain why you were not able to meet the Division's November 27th deadline for filing a Notice of Intention to Commence Large Mining Operations for your Lynn Spring Quarry. You have requested a two (2) week extension to submit the required application to our office.

In recognition of the circumstances described in your letter, the Division will extend the timeframe for receiving your large mining permit application until 5:00 PM, December 11, 1995. If the required permit application is not received by the established deadline, we will proceed with the publication of a formal Notice of Agency Action. This will require you to appear before the Board of Oil, Gas and Mining at a scheduled public hearing to explain why you have not complied with the Division's directives and the requirements of the Utah Mined Land Reclamation Act. Appropriate enforcement action and possibly civil penalties may result from this hearing.

If you have questions regarding this extension, please contact me, Wayne Hedberg or Lynn Kunzler of the Minerals Reclamation Program as soon as possible.

Sincerely,

  
Lowell P. Braxton  
Associate Director, Mining
